#### REDWOODS COMMUNITY COLLEGE DISTRICT

### Meeting of the Institutional Effectiveness Committee Wednesday, July 13, 2016, SS 104 Notes

1) Meeting Called to Order: Present: Angelina Hill, Keith Snow-Flamer, Dan Calderwood, Paul Chown, Jordan Walsh, Ed Macon, Crislyn Parker-support

#### 2) Proposed Committee Membership Changes (handouts)

- a. Budget Planning Committee- The handout shows the revised constituent-based membership structure, now approved by BPC. Kintay Johnson and Michael Dennis are the Instruction/Student Development and faculty co-chairs. The intent is to have more decentralized budget planning discussions and that Lee or designee may be invited to meetings as needed. Note: BPC doesn't make decisions; only makes recommendations to cabinet. IEC approves the revised structure.
- **b. Basic Skills Committee-** the BSC wants to ensure the Equity Director and equity co-chairs are on the committee, as well as an athletics rep/counselor. **IEC Recommendation:** reduce membership to a total of three (3) faculty with one (1) as co-chair and one (1) specifically from athletics.
- c. Technology Planning Committee-IEC concurs with changes.
- d. Student Equity Committee-Goal of this committee is to come up with action plans for the SEP and SSEP with a focus on narrowing the achievement gap. IEC discussed concerns on the proposed size of this committee and that filling 8 faculty seats will be difficult. IEC Recommendation: reduce total faculty to only four (4): two (2) counselors, one (1) MDC, one (1) Senator; reduce to two (2) instructional deans, and two (2) EOPs reps (DN Trio rep. is faculty and could be one of the faculty reps.)

#### 3) Committee Structure Updates

- a. Enrollment Management Committee-initially headed for sunsetting, the current EMC committee discussed continuing EMC with a different scope, and including faculty and staff to discuss operational issues (such as when best time to de-reg, open enrollments, etc). VPISD and Deans will recommend FTES to BPC who will finalize and approve.
- **b.** Subcommittees- Ok to remove the subcommittee structure.
- 4) Institution-Set Standards & Targets for Programs-(handouts). Accreditation requires more in depth evidentiary information than previously: specifically, data for basic skills, liberal arts and CTE.
  - a. Transfer, CTE, Basic Skills-
    - **BS indicators will be** course success & retention, progression to transfer level coursework, (new AP designating some kind of 'evaluative grade' for noncredit, but there is nothing in place yet for tracking. Completion will not be used as an indicator of noncredit certificates).
    - Liberal arts indicators will be transfer, course success and retention and completions.
    - *CTE indicators will be* job placement, licensure placement, course success & retention and completions.
  - b. Setting targets: Attend division meetings, and get basic skills committee input.

### 5) Updates:

a. One Board goal is to move the college vision beyond our current 5-year education master planning. The college will hire local consultants, who will help the board lead the process for development of a long-term Education Master Plan. The August board agenda will include approval of the consultants and the format of the engagement of process. Consultants: Mary Guilians (sp) and Roger James will also help change how we communicate individually.

b. BPC completed ranking; those receiving funding have been notified. The requests went to cabinet for further review, then feedback will go to all requesters.
