## **PURPOSE**

To provide invitations and announcement about opportunities for CR students to participate the FMP process.

## **PUBLIC COMMENT**

The FMP Team provided comments:

In the Student Listening Session at the ASCR Senate meeting on 4/11, the FMP Team mentioned upcoming opportunities for students to participate and give their opinions about future campus planning. Those events are happening this week. ASCR's input was used to prepare questions for the student survey. Thanks for your help, and thanks for your invitation to visit you today.

- **STUDENT SURVEY**  
CR Students will receive an email invitation to participate in the CR Facilities Master Plan Student Survey. The link to the questionnaire will be open from Monday, April 25 to Sunday, May 1, 2022. <https://www.surveymonkey.com/r/GNT22PC>

- **STAKEHOLDER WORKSHOP**  
Tuesday, April 26, 2022, 10 – 11:30 am. Participants will review facilities planning information and evaluate proposed solutions for future campus development. Please RSVP to Kevin-Carter@redwoods.edu
- **FACILITIES MASTER PLAN INFORMATION**  
For more information about the Facilities Master Plan project, please visit <https://internal.redwoods.edu/fpc>

### **QUESTION**

- Winnifred Carpenter – Is the Facilities Master Plan just for the Eureka Campus? (Winnifred represents KT campus)
- FMP Team Answer: The FMP provides principles for facilities development for all of the College's locations, including Klamath-Trinity. For example, flexible learning space, student life spaces, sustainability, etc. Insight is welcome from students at all of the College's locations. There will be more information in the FMP about the Eureka and Del Norte campuses because those properties are most directly controlled by the College. At the KT site, the College and the Hoopa Tribe work together on facilities.
