ENGL	1C**	Critical Thinking and Writing	NEW Course	3.0 Units [3.0/0]	C	P	A	A	New course, designed to meet strong interest in a 3-unit semester composition and critical thinking class focusing on the analysis of non-fiction texts. Approved for CR GE Area D3, proposed for CSU-GE Area A3, IGETC Area 1B, C-ID ENGL-105. Approved for Online and Hybrid DE. **During discussion of the complicated C-ID changes involving this course and a forthcoming revision to ENGL-1B, it was decided that giving these courses new numbers would reduce confusion for students, counselors, and evaluators here and at transfer institutions. The Curriculum Committee approved the content of the COR, with the understanding that English faculty will work with the Curriculum Specialist to find a different available course number.	Fall 2020

Award	Program Title	Proposal Type	Credit Type	Comments
Certificate of Achievement	CIS Cybersecurity	NEW Program	Credit	New Certificate of Achievement, replacing a Certificate of Recognition with the same title. Expected effective term: Fall 2020. The CIS Cybersecurity program will give students a solid foundation in the field of Computer Security. The focus on Cybersecurity will provide students with some of the basic skills needed for an entry-level career in Cybersecurity. The courses provide an overview of the entire Cybersecurity field. Courses that make up the program are aligned with, and prepare students for, industry standard certifications such as: Cisco Certified Networking Associate (CCNA), Microsoft Certified Solutions Associate (MCSA), Computer Technology Industry Association (CompTIA) Security+, and EC Council Ethical Hacking. Program Learning Outcomes 1. Define the elements of the Confidentiality, Integrity, and Availability triad, along with the purpose of each of the elements. 2. Describe the tools and methods a "hacker" uses to break into a computer or network. 3. Apply strategies for network defense using firewalls, routers, switches, and anti-malware tools. 4. Construct and apply secure group policy settings at the Organizational Unit (OU), Domain, Site or local machine level.
