Late Start Classes

Your pay is based on the number of weeks in your contract for the late start class.
Please remember this is not an exact science but an estimate.

Example – class is from 2/2 – 5/15 = 4.5 TLUS x \$651/TLU = \$2929.50
February = 4 weeks
March = 3 weeks
April = 5 weeks
May = 2 weeks
\$2929.50/14 weeks = \$209.50/week

\$209.50 x 4 = February pay – received on March 10th and so on

Non-Credit Classes

Payroll will total up the number of times your class meets over the semester. This will then be broken down by months. If your class is cancelled or changed, payroll will make adjustments so the numbers below could change.

Example- class is from 1/20 – 5/15, MW, 5TLUS x \$615 = \$3075
In January it meets – 3
In February it meets - 8
In March it meets – 9
In April it meets – 7
In May it meets – 4
These add up to 31 meetings
\$3075/31 = \$99.19 per class

\$99.19 x 3 = January pay – received on February 10th
