Catalog Description

A study of engineering design graphic for engineers and drafters with an emphasis on technical drawings and an introduction to the computer-aided design (CAD). Topics include the development of visualization skills; orthographic projections; dimension and tolerance practices; and the engineering design process. Assignments develop sketching and 2-D and 3-D CAD skills. The use of CAD software is an integral part of the course. Note DT-23 and ENGR-23 are the same course.

Course Student Learning Outcomes *(from course outline of record)*

1. Develop orthographic projections, isometric, oblique, and perspective pictorial representations of designs using CAD and sketching.
2. Demonstrate correct visualization and representation of 3D information from 2D data and vice-versa.
3. Present design information using current industry standard documentation and annotation techniques.
4. Define terminology related to engineering graphics.
5. Prepare a professional portfolio.

Prerequisites/co-requisites/ recommended preparation

Recommended Preparation: CIS100

Prerequisites: None for DT-23, MATH-25 for ENGR-23

Accessibility

College of the Redwoods is committed to making reasonable accommodations for qualified students with disabilities. If you have a disability or believe you might benefit from disability-related services and accommodations, please contact your instructor or [Disability Services and Programs for Students](#) (DSPS). Students may make requests for alternative media by contacting DSPS based on their campus location:

- Eureka: 707-476-4280, student services building, 1st floor
- Del Norte: 707-465-2324, main building near library
- Klamath-Trinity: 530-625-4821 Ext 103

During COVID19—DSPS will email approved accommodations for distance education classes to your instructor. In the case of face-to-face instruction, please present your written accommodation request to your instructor at least one week before the needed accommodation so that necessary arrangements can be made. Last minute arrangements or post-test adjustments usually cannot be accommodated.

Student Support

Good information and clear communication about your needs will help you be successful. Please let your instructor know about any specific challenges or technology limitations that might affect your participation in class. College of the Redwoods wants every student to be successful.

Evaluation & Grading Policy

Methods of Evaluation: The final grade you receive will be based on the following criteria:

60% Assignments

10% Participation

10% Portfolio

20% Tests & Quizzes

- Late work, for any reason, is penalized 20% and will not be accepted for credit more than 2 class meetings after it is due.
- Per CR policy, students with 4 absences prior to the end of the 10th week will be dropped from the course.
- Arriving late and leaving early will result in lost participation points (waived for F2022).

Grade Scale:

- 100%-90% A
- 89%-80% B
- 79%-70% C
- 69%-60% D
- Below 59% F

Grading Methods: Each assignment is graded separately for each student, meaning there is no curve. For each incorrect portion of the drawing, ½ a point will be deducted from the drawing's grade. This can be changed depending on the severity of the mistake by the instructor. Participation is based on taking a quiz on Canvas and participating in the on-line Discussions twice a week. Students will get 2 points on each participation quiz regardless of answering questions correctly or not. Students get 1 point for an initial post in the weekly Discussion and 1 point for making two reply later in the week for online Discussion or participating in class discussion. At the end of the semester, the instructor may add or subtract points depending on class participation and attitude.

Other Information:

- The information in this document is subject to change, with notice, in the event of extenuating circumstances.
- The following items may be found on the Canvas site for this class: Calendar, Quizzes, Assignments, Announcements, prerecorded class videos, grade book and resources such as reading assignments, handouts, and PowerPoints.
- The course materials on Canvas are supplemented by a free textbook that is on the Canvas course page for download.
- It is your responsibility to check Canvas frequently.
- **It is expected that students attend class via Canvas a minimum of twice a week even if they are attending the in-person lab.** Students may use the school provided lab computer to complete Canvas on-line course requirements. If you are taking the class in-person be sure and take the Participation Quiz on Tuesday and Thursday when you are in the lab.
- (Waived for Covid) The expectation is that you attend every class, on time, and stay for the duration of the class. If you are absent it is your responsibility to get the missed information from the instructor or another student. Make use of the instructor's office hours to get missed information; there will not likely be time during class for the instructor to go over the missed instruction or assignment.
- Make use of the instructor's office hours for questions and answers. Zoom office hours are available upon request. If you need to talk to me outside of class you should email request for an office meeting via Zoom.
- The software used in this class (AutoCAD 2023 student version) is available for free download to students registered in the class.
- Instructor does not provide technical support for your personal software or computers.
- Instructor does not support AutoCAD for Macs.
- NO FOOD OR DRINK AT COMPUTER WORKSTATIONS. SPILLPROOF WATER BOTTLES ARE OK.
- Covid prevention protocols will be maintained the entire time students are attending the in-person lab. If for any reason a student does not want to attend the in-person lab they may work remotely. Students should expect to stay at home and use home computer if their health becomes impacted by Covid-19.
- Students working remotely will need to supply their own AutoCAD ready PC computer and must register and download a copy student AutoCAD. It is advised to have an at-home AutoCAD ready workstation ready in the case health risks impact use of the CR AutoCAD computer lab during the semester.
- Students are provided on the Canvas course pages with prerecorded instruction for assignments that they may opt to use in place of in-person instruction.

- **If the student wants to listen to the prerecorded assignment instructions during the in-person lab session they will need to provide their own plug-in head phones.**
- All students must take midterm and final exams in-person or arrange for a proctored exam.

Academic dishonesty

In the academic community, the high value placed on truth implies a corresponding intolerance of scholastic dishonesty. In cases involving academic dishonesty, determination of the grade and of the student's status in the course is left primarily to the discretion of the faculty member. In such cases, where the instructor determines that a student has demonstrated academic dishonesty, the student may receive a failing grade for the assignment and/or exam and may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct ([AP 5500](#)) is available on the College of the Redwoods website. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the [College Catalog](#) and on the [College of the Redwoods website](#).

Disruptive behavior

Student behavior or speech that disrupts the instructional setting will not be tolerated. Disruptive conduct may include, but is not limited to: unwarranted interruptions; failure to adhere to instructor's directions; vulgar or obscene language; slurs or other forms of intimidation; and physically or verbally abusive behavior. In such cases where the instructor determines that a student has disrupted the educational process, a disruptive student may be temporarily removed from class. In addition, the student may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct ([AP 5500](#)) is available on the College of the Redwoods website. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the [College Catalog](#) and on the [College of the Redwoods website](#).

Inclusive Language in the Classroom

College of the Redwoods aspires to create a learning environment in which all people feel comfortable in contributing their perspectives to classroom discussions. It therefore encourages instructors and students to use language that is inclusive and respectful.

Setting Your Preferred Name in Canvas

Students have the ability to have an alternate first name and pronouns to appear in Canvas. Contact [Admissions & Records](#) to request a change to your preferred first name and pronoun. Your Preferred Name will only be listed in Canvas. This does not change your legal name in our records. See the [Student Information Update form](#).

Canvas Information

If using Canvas, include navigation instructions, tech support information, what Canvas is used for, and your expectation for how regularly students should check Canvas for your class.
