The Tools You Will Need For This Course:

- **Computer Skills Necessary:** Online and hybrid courses require adequate computer skills. You should be able to navigate the course websites, open and download files, use a word processor with either Microsoft word (.docx) or be able to convert files to portable document format (.pdf), and submit files to the class website. It is your responsibility to meet the technological demands of the course.
- **Computer Requirements:** Most computers and internet providers are adequate. I would recommend broadband services from cable, DSL, or satellite providers as there are required multimedia assignments. You need to have reliable access to the internet at least four times a week for 16 weeks. Anticipate problems with your computer and internet access (including power outages) by not waiting until the last minute to submit assignments. It is your responsibility to meet the class deadlines.

Required Texts/Materials

- 1) **Online Access to this Course:** Online courses bring the classroom to you, wherever you have reliable internet service. However, it only works if **you bring yourself to the online classroom** with frequency, flexibility, and initiative.
- 2) *So What: The Writer's Argument, 2nd edition*. Schick and Schubert. ISBN 978-0-19-029740-4
- 3) All other readings will be available on Canvas
- 4) Microsoft Office Programs
 - MS Office is a free download for students. You will need it for class every week. **Google docs** is not an adequate substitute for MS word in a class that requires the amount of formatting, file sharing, and editing we will do. This is why the download is free. There is a download for MAC users as well as PC users.

Expectations You Meet as a Student

I expect class participation (online) that demonstrates Professionalism, Preparedness, and Engagement:

I expect class participation that demonstrates Professionalism, Preparedness, and Engagement:

Demonstrate your **professionalism**

- Submit on time or in advance to class discussions so you're on point with the module's goals.
- Respect the voices of others and be gracious online and in email communication.
- Use professional, collegial language.
- Take initiative for your own learning and pride in your efforts.
- Troubleshoot; seek multiple avenues to answer your questions; and recognize that ultimately, you teach yourself and make yourself learn.

Demonstrate your **preparedness**

- Have online milestones and writing assignments completed by the due date.
- Commit to and engage with the readings.

Demonstrate your level of **engagement**

- Engage thoughtfully and read closely all communication from the professor and your class colleagues.
- Focus your energy and attention to the learning objectives when interacting online.
- Thoughtfully contribute to class in ways that advance the learning for the group.

Course Respect Policy and Netiquette:

If a student's actions or words do not meet expectations of professionalism, preparedness, or engagement.

Typically, I will first open a dialogue with the student to bring attention to the concern. If a student's words or actions have demonstrated disrespectful behavior or intolerance to another student or students, I will stop the situation from continuing. This may mean I delete discussion posts or delete class colleague feedback online. *Most students do not intend to be disrespectful or intolerant the first time they say or do something in a class.* It is simply a breakdown of intent and audience awareness, or perhaps a lack of awareness for the best way to say something. Because of this, first time situations are regarded as well intended but poorly executed, and the student will have another chance to post and/or offer thoughts in response. If a student continues to demonstrate disrespectful or intolerant behavior towards other students or toward the professor, I will immediately involve the Dean of Arts and Humanities, refer to the Code of Conduct, and address the situation in a manner befitting the action and its severity. Classes that teach and study argument always have the potential to be inflammatory, but they also have the potential to be great places to learn to hear and work in collaboration with ideas that differ from one's own. Learning to be respectful and tolerant is a key life skill, and we practice it every day of the semester.

I expect you to submit original work. I expect you to give credit to all sources used by you.

Plagiarism is the use of someone else's words or ideas in your writing without giving credit. When you use someone's words or ideas, you must cite your source. This includes paraphrasing and summarizing from a text. Working with another student and submitting similar work is also plagiarism. Do your own work unless a group project is the stated goal. I may choose to use Turnitin to verify your work is your own and I follow the academic misconduct code for the College if cheating/plagiarism occurs.

Actively engaging in class--Census Week:

Be aware that you must be actively working through the modules during the first two weeks of class. If you are not posting, submitting assignments, and contributing to discussions, your name will be removed from the class roster during Week 3 (Census Week).

Faculty-initiated drop: Missing Numerous Assignments by week 3 or week 5

I assess overall class participation in week 3 and week 5. If you have missed the majority (55% or more) of the assignments by week 3 or week 5, I will notify you that I intend to drop you from the class. At this point, please contact me so that we can discuss options for you. If I have not received a message from you within 48 hours of my notification, I will drop you from the course.

Student-initiated withdrawal: you may withdraw up until 07/6/2018

The last date to remove yourself from the course and not receive a letter grade is 07/6/2018. Students may withdraw from a course after census and up to this date and receive a W (withdraw) from the class. If you are considering withdrawing from the class, please contact me. Let's discuss options for you to be successful in your next steps.

Expectations in terms of email, grading, and feedback

Not all feedback is the same—some takes longer than others. Here's a helpful guide for you to rely on.

Canvas Email

I will respond within 24 hours to emails Monday through Friday.
I will respond within 48 hours on weekends.
Emails sent after 8pm will be answered the next day at the earliest.

Writing Activities & Discussions

These are graded within 5 days of the closing date of the module.

Essays

These are graded within 15 days of the due date.

Expect Grading to be Fair, Consistent, and Clear

Grading rubrics for essays and grading criteria/feedback are used for all other assignments. You should always know why you earned the grade you did, what to strengthen, and what to keep doing. Feedback on strengths is just as important as feedback on areas to improve.
