Academic dishonesty

In the academic community, the high value placed on truth implies a corresponding intolerance of scholastic dishonesty. In cases involving academic dishonesty, determination of the grade and of the student's status in the course is left primarily to the discretion of the faculty member. In such cases, where the instructor determines that a student has demonstrated academic dishonesty, the student may receive a failing grade for the assignment and/or exam and may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct (AP 5500) is available on the College of the Redwoods website. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the College Catalog and on the College of the Redwoods website.

Disruptive behavior

Student behavior or speech that disrupts the instructional setting will not be tolerated. Disruptive conduct may include, but is not limited to: unwarranted interruptions; failure to adhere to instructor's directions; vulgar or obscene language; slurs or other forms of intimidation; and physically or verbally abusive behavior. In such cases where the instructor determines that a student has disrupted the educational process, a disruptive student may be temporarily removed from class. In addition, the student may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct (AP 5500) is available on the College of the Redwoods website. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the College Catalog and on the College of the Redwoods website.

Inclusive Language in the Classroom

College of the Redwoods aspires to create a learning environment in which all people feel comfortable in contributing their perspectives to classroom discussions. It therefore encourages instructors and students to use language that is inclusive and respectful.

The Tools You Will Need For This Course:

- Computer Skills Necessary: Online and hybrid courses require adequate computer skills. You should be able to navigate the course websites, open and download files, use a word processor with either Microsoft word (.docx) or be able to convert files to portable document format (.pdf), and submit files to the class website. It is your responsibility to meet the technological demands of the course.
- Computer Requirements: Most computers and internet providers are adequate. I would recommend broadband services from cable, DSL, or satellite providers as there are required multimedia assignments. You need to have reliable access to the internet at least four times a week for 16 weeks. Anticipate problems with your computer and internet access (including power outages) by not waiting until the last minute to submit assignments. It is your responsibility to meet the class deadlines.

All College of the Redwoods procedures for Covid-19 must be followed at all times. The CR student Quick Facts sheet lists all the protocols.

Welcome to English 1A!

In this course, we will focus on analyzing issues and claims regarding food and environmental sustainability (based on our culture, our personal life, and the world-at-large) presented in visual, oral, and written arguments. After analysis, you will write analytical and argumentative essays based on those issues.

Our area of the world in northern California has been in a severe drought situation for the past several years. According to NOAA's "National Weather Service Drought Information Statement," "[t]wo years of below-normal rainfall and a depleted snowpack have resulted in poor streamflow on mainstem watersheds, and tributaries dried up earlier than normal. Most rivers and streams with long term records are showing flows in the lowest 10th percentile for this date [Aug. 20, 2021]." Due to these low water flows, several towns in several counties have already set up water restrictions; blue-green algae has impacted local rivers earlier than normal; fire dangers are greater than ever due to these dry conditions.

Who is responsible? What is responsible? Climate change? Climate geo-engineering? A normal pattern that our earth is going through? No matter the answer, having enough water is the biggest issue, not only for California, but elsewhere in the world. So what can be done to preserve our water? What new technologies are available to help us get more water or recycle what we have?

This is just one issue that our community/country/world is facing. Many more critical issues are facing us, as well, which we will discuss in this course.

But do not be discouraged. You will have the opportunity to research solutions and argue what should be done. Solutions are abundant and the time to implement them is NOW.

I encourage you to come to this class with an open mind full of inquiry and ideas.

Expectations You Meet as a Student

I expect class participation (on campus and online) that demonstrates Professionalism, Preparedness, and Engagement:

Demonstrate your professionalism

- Arrive on time or in advance to class on campus so you're ready to start when class starts.
- Respect the voices of others and be gracious while others are speaking.
- Use professional, collegial language.
- Do not eat or engage in other activities that are distracting or disrespectful to the group when in-class.

Demonstrate your preparedness

- Have online assignments completed by the due date.
- Have in-class assignments printed, prepared, and ready to workshop on the due date.

Demonstrate your level of engagement

- Listen thoughtfully to the professor and your class colleagues.
- Focus your energy and attention to the learning objectives when interacting online and on campus.
- Put away electronic devices/close online programs/close printed material that directs your attention or eyes away from the class objectives when we are meeting on campus.
- Thoughtfully contribute to class in ways that advance the learning for the group.

If I notice you demonstrating a behavior that does not meet these expectations, I will mention it to you after class on campus or online unless it requires immediate discussion.

I expect you to submit original work. I expect you to give credit to all sources used by you.

Plagiarism is the use of someone else's words or ideas in your writing without giving credit. When you use someone's words or ideas, you must cite your source. This includes paraphrasing and summarizing from a text. Working with another student and submitting similar work is also plagiarism. I use Turnitin to verify your work is your own and I follow the academic misconduct code for the College if cheating/plagiarism occurs.

Expectations of This Course and Your Professor:

Expectations in terms of email, grading, and feedback

Not all feedback is the same—some takes longer than others. Here's a helpful guide for you to rely on.

Canvas Email

I will respond within 24 hours to emails Monday through Friday.

I will respond within 48 hours on weekends.

Emails sent after 8pm will be answered the next day at the earliest.

Writing Activities & Discussions

These are graded within 5 days of the closing date of the module.

Expect Grading to be Fair, Consistent, and Clear

Grading rubrics for essays and grading criteria/feedback are used for all other assignments. You should always know why you earned the grade you did, what to strengthen, and what to keep doing. Feedback on

strengths is just as important as feedback on areas to improve.

Overall Course Details and Deadlines

Miscellaneous Classroom Policies:

Food – Due to COVID-19, neither food nor beverages are allowed in the classroom. We will take breaks throughout our meeting time so we can refresh ourselves.

Leaving the classroom — please do not leave the classroom once the class has started. If it is an emergency and you must leave, please do so discretely without disrupting the rest of the class, and reenter class discreetly as well. Please attend to restroom needs prior to the start of class. Leaving class regularly for the restroom or refilling water bottles is disruptive for you and others. If you anticipate needing to leave because of an ongoing condition, please speak with me about this. We will take a short break around the midpoint of class for folks to attend to the restroom, make a brief phone call, or eat a snack. It is not sufficient time to go to the cafeteria and order food or beverages.

Electronics – students may use electronic devices to take notes during class or to use electronic dictionaries. All other types of technology, such as MP3 players, phones, or gaming devices, must be put away at the start of class. If you have a specific situation, such as you are expecting a call from the babysitter, please tell me in advance, and if you have to answer the phone, please go outside.

Attendance

Attendance is essential in a collaborative writing community operating in a hybrid environment. Because this class meets face-to-face only once per week, arriving late or leaving early is disruptive and interferes with my instruction and other classmates' learning and participation. If work, extracurricular activities, or personal schedules overlap or interfere with scheduled course dates and times, please take another section of English 1A.

Since regular attendance is a critical factor in student success, students at the College are expected to attend all sessions of each class in which they are enrolled. In general, absences may be considered excessive when the number of absences exceeds the total number of hours that the class meets during one week. For instance, our course meets one day per week for two hours; any more than two absences for the semester is considered "excessive" and will result in no credit for this course. Faculty may drop students for excessive absences through the end of the 10th week of the semester.

First Week Attendance Policy: Students who have been absent from a class session within the first week of instruction, without notifying the instructor before the absence, will be dropped from the course.

Excused absences require written medical, legal, or athletic documentation. Staying home from school because you have a cold or flu does not count as an excused absence. If you must suddenly have a surgery, obtain medical documentation.

Student-initiated withdrawal: you may withdraw up until 10/29/21

The last date to remove yourself from the course and not receive a letter grade is 10/29/21.

Students may withdraw from a course after census and up to this date and receive a W (withdraw) from the class. If you are considering withdrawing from the class, please contact me.

Faculty-initiated drop: Missing Numerous Classes or Numerous Assignments by week 5 or week 8

I assess overall class attendance and participation in week 5 and week 8. If you have missed more than 3 classes **or** the majority (55% or more) of the assignments by week 5 or week 8, I will notify you that I intend to drop you from the class. At this point, please contact me so that we can discuss options for you. If I have not received a message from you within 48 hours of my notification, I will drop you from the course.

Student Athletes/Campus Activities and Absences:

Professors are notified when student athletes or members of a campus club or activity will be required to miss class on campus and those absences are automatically considered "passed." Student are still expected to meet online due dates and to make arrangements in advance with the professor to submit any coursework due on campus while absent for a college directed absence. Please notify me 3-4 days in advance of missing class for a college-directed reason so that we can plan. Contacting me after missing class for a college-directed reason may result in a loss of points or eligibility to submit an assignment.

Emergency Absences:

Medical or legal emergencies will be addressed on a case by case basis and require <u>documentation</u>. Examples include a court date (notification in advance required) or a visit to the ER for the student or his or her dependents. Funerals are also considered an emergency, but require you to contact me in advance and work out a plan.

The professor reserves the right to make adjustments to the syllabus and course calendar as necessary. Students will be notified of any changes in an announcement in Canvas, as well as a verbal announcement in class.
