Course Description (catalog description as described in course outline): A first year experience course focusing on the development of academic and personal skills necessary to succeed in college and beyond. Students will learn how to manage time, understand classroom dynamics, and improve note-taking and test-taking skills. Students will be able to identify campus services and understand the technology used in higher education. Students will be directed towards specific educational goals and develop a comprehensive student education plan.	
Student Learning Outcomes (as described in course outline) :	
<ol style="list-style-type: none"> 1. Assess individual learning preferences which can be applied towards improving lifelong learning skills. 2. Identify college expectations and demonstrate successful navigation within the college system. 3. Develop and complete a formal student education plan. 4. Analyze self-management systems and persistence practices to increase self-motivation and success. 	
Required Books and Materials	
<ol style="list-style-type: none"> 1. <i>On Course</i>, 7th Ed. by Skip Downing (Cengage) ISBN-10: 1133309739 2. Binder with dividers and loose-leaf notebook paper Weekly planner (not a monthly calendar)	
Grading	
<p style="text-align: center;">A (90-100%) B (80-89%) C (70-79%) D (60-69%) F (0-59%)</p> <p style="text-align: center;">There is no extra credit.</p>	
<p>Your grade will be posted on MyCR; you should check it frequently and meet with me to solve problems as soon as they come up—don't wait!</p>	
Participation (30%)	
<p>You will receive a participation point for each of our 30 class meetings if you can check ALL of these boxes:</p> <ul style="list-style-type: none"> ☑ Attendance during 100% of the class session (if you're more than a few minutes late you lose your point!) 	

- ☞ Engaged participation in ALL of the activities during the class session (sleeping, texting, or doing homework for other classes do not demonstrate engaged participation!)
- ☞ Preparation, including bringing your books and materials to class and completing all readings and assignments by the due date. Most class meetings will include a quiz on the previous reading assignment, and your performance on this quiz will help show me whether you came to class prepared.

I will automatically adjust your participation points to allow for 2 absences.

Chapter Tests (30%)

You will demonstrate your understanding of each textbook chapter by passing a test. Chapter tests are Pass/Fail (A or F grade) only; you either master the material or you don't. You will have 3 chances to pass each chapter, and once you pass you earn your A grade. You will always know exactly what the learning goals are for each chapter before you begin reading it, which will help you master the material. The make-up chapter tests become more time-consuming, so it is in your interest to prepare well for the initial test.

Course Journal (20%)

I'll assign 2 journal entries from your textbook each week. The journal assignments ask you to reflect on the concepts you are reading about and to apply them to your own life. I'll grade your journal based on how *thoughtful and complete* each entry is; each entry is worth 10 points, and will receive a 10 (exceeds expectations, very thoughtful, very complete), a 7 (meets basic expectations), or a 5 (does not meet expectations).

I expect you to do your best as you write your journals, but I realize some students struggle with writing issues like spelling and punctuation. These are journals, not term papers, so *perfection is not expected, but high quality thinking is*. Typed journals are easy for me to read, but legible handwritten entries are also acceptable. You should keep your journal entries in a section of your binder so you'll be prepared to turn them in periodically during the semester.

Student Education Plan or SEP (20%)

With the assistance of a counselor or advisor from Student Support Services, you will develop your own SEP. You must show evidence that you've completed your SEP by the due date. If you meet the deadline this is an automatic A grade; late completions will receive lower grades.

Attendance

Attendance is required since you cannot be learning if you are not here, and you *always* miss something when you're absent. There are no excused absences except for official school activities. Just as you would with a job, *you* must take responsibility for your absences and the assignments or tests you may miss. Students with excessive absences may be dropped from the course; more than five absences are considered excessive for GS6.

Classroom Environment

Everyone wants class time to be interesting and enjoyable! Each of us makes a powerful contribution in creating a successful learning community. I expect everyone's contribution to be positive, including my own. Here are positive actions I expect each of us to take in every class:

- Be on time so you don't disrupt learning
- Have all your books and materials with you
- Turn off your cell phone and put it away
- Save snacks for the break and don't eat during class (drinks are OK)
- Leave the room quietly and rarely (you don't have to ask)
- Stay on task with the class work and avoid sleeping, texting, social networking, and homework from other classes
- Ask questions when you are confused
- Have a positive attitude—*or fake it!*
- Always treat all members of the class with respect and encouragement
- Take responsibility for the results of your work

Students who choose not to take these constructive actions are disrupting the learning of the whole class and will be asked to leave.
