## Journals

### Master Student Journals (150 Possible Points)

Your Journal provides an opportunity to explore in writing your thoughts and feelings as you experiment with the success strategies presented in *Becoming a Master Student*. By carefully examining each strategy in your journal, you will discover which ones will assist you to create a rich, personally fulfilling life. Although I will be collecting your journals and looking through them, write it for yourself, not for me.

**Journal Writings:** During this semester, you will write 20 numbered journal entries. The topic will be assigned in your weekly planner. These entries will be written outside of class, and due at the beginning of class. Electronic submissions will not be accepted without approval. Journals cannot be hand-written. Please bring both your textbook and journal to every class.

**7.5 points for each completed entry.** Many students come to regard their journal as one of their most valued learning enhancements for the class.

**Grammar, spelling, and punctuation are important. This is an academic institution, and you will write to the level expected for a college student. Treat these journals as if your final grade is dependent upon them because it is.**
