

Syllabus for Math 380 – Elementary Algebra – Eureka Campus		
Semester & Year	Fall 2018	
Course ID and Section #	Math 380 ~ Section E5175	
Instructor's Name	Amber Buntin	
Day/Time	Mon-Thurs 2:50-4:05pm	
Location	SC 206	
Number of Credits/Units	5 units	
Contact Information	<i>Office location</i>	SC 216K
	<i>Office hours</i>	Mon/Wed 11:30-12:30pm, and by appointment
	<i>Phone number</i>	707-476-4207
	<i>Email address</i>	Amber-Buntin@redwoods.edu Include "Math 380" in the email subject line
Textbook Information	<i>Title & Edition</i>	Elementary Algebra (second edition)
	<i>Author</i>	Department of Mathematics, College of the Redwoods
	<i>ISBN</i>	FREE Online Textbook Link: http://msenux2.redwoods.edu/ElemAlgText/
Course Description		
<p>As stated in CR's catalog: A study of the real number system, first-degree linear equations and inequalities, polynomial expressions and equations, factoring, radicals, quadratic equations and the quadratic formula, interpretation of graphs, and problem-solving techniques. Small group work and exploratory activities (including the use of the graphing calculator) are involved in this course.</p> <p>Note: Graphing calculator required, TI-83 or 84 recommended.</p> <p>Prerequisite: Math 376 with a grade of "C" or better (or equivalent), or appropriate score on the math placement exam.</p>		
Student Learning Outcomes		
<ol style="list-style-type: none"> 1. Use properties of real numbers to solve linear equations, inequalities, and systems of linear equations. 2. Solve non-linear equations by factoring. 3. Draw and interpret graphs and solve problems graphically. 		
Special Accommodations		
<p>College of the Redwoods complies with the Americans with Disabilities Act in making reasonable accommodations for qualified students with disabilities. Please present your written accommodation request at least one week before the first test so that necessary arrangements can be made. No last-minute arrangements or post-test adjustments will be made. If you have a disability or believe you might benefit from disability related services and may need accommodations, please see me or contact Disabled Students Programs and Services. Students may make requests for alternative media by contacting DSPS at 707-476-4280.</p>		
Academic Support		
<p>Academic support is available at Counseling and Advising and includes academic advising and educational planning, Academic Support Center for tutoring and proctored tests, and Extended Opportunity Programs & Services, for eligible students, with advising, assistance, tutoring, and more.</p>		

Syllabus for Math 380 – Elementary Algebra – Eureka Campus

Academic Honesty

In the academic community, the high value placed on truth implies a corresponding intolerance of scholastic dishonesty. In cases involving academic dishonesty, determination of the grade and of the student's status in the course is left primarily to the discretion of the faculty member. In such cases, where the instructor determines that a student has demonstrated academic dishonesty, the student may receive a failing grade for the assignment and/or exam and may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct (AP 5500) is available on the College of the Redwoods website at: <http://www.redwoods.edu/board/Board-Policies/Chapter-5-Student-Services>, and scroll to AP 5500. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the college catalog and on the College of the Redwoods website.

Disruptive Classroom Behavior

Student behavior or speech that disrupts the instructional setting will not be tolerated. Disruptive conduct may include, but is not limited to: unwarranted interruptions; failure to adhere to instructor's directions; vulgar or obscene language; slurs or other forms of intimidation; and physically or verbally abusive behavior. In such cases where the instructor determines that a student has disrupted the educational process a disruptive student may be temporarily removed from class. In addition, he or she may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct (AP 5500) is available on the College of the Redwoods website at: <http://www.redwoods.edu/board/Board-Policies/Chapter-5-Student-Services> and scroll to AP 5500.

Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the college catalog and on the College of the Redwoods website.

Emergency Procedures for the Eureka campus:

Please review the campus evacuation sites, including the closest site to this classroom (posted by the exit of each room). The Eureka **campus emergency map** is available at:

(<http://www.redwoods.edu/aboutcr/Eureka-Map>; choose the evacuation map option). For more information on Public Safety, go to <http://www.redwoods.edu/publicsafety>. In an emergency that requires an evacuation of the building:

- Be aware of all marked exits from your area and building.
- Once outside, move to the nearest evacuation point outside your building:
- Keep streets and walkways clear for emergency vehicles and personnel.
- Do not leave campus, unless it has been deemed safe by the Incident Commander or campus authorities. (CR's lower parking lot and Tompkins Hill Rd are within the Tsunami Zone.)

RAVE – College of the Redwoods has implemented an emergency alert system. In the event of an emergency on campus you can receive an alert through your personal email and/or phones at your home, office, and cell. Registration is necessary in order to receive emergency alerts. Please go to <https://www.GetRave.com/login/Redwoods> and use the "Register" button on the top right portion of the registration page to create an account. During the registration process you can elect to add additional information, such as office phone, home phone, cell phone, and personal email. Please use your CR email address as your primary Registration Email. Your CR email address ends with "redwoods.edu." Please contact Public Safety at 707-476-4112 or security@redwoods.edu if you have any questions.

College of the Redwoods is committed to equal opportunity in employment, admission to the college, and in the conduct of all of its programs and activities.

Math 380 ~ Elementary Algebra

Mon-Thurs – 2:50 – 4:05pm – SC 206 (Course number 045175)

Instructor Contact Info

Amber Buntin, Assistant Professor, Department of Mathematics

Email: amber-buntin@redwoods.edu Canvas message is the preferred way to contact me!

Phone: 707-476-4207

Office hours (SC 216K): Mon/Wed 11:30am-12:30pm

Math Lab Open Hours (Located in the back of LRC): M-Th 10am-6pm, Fri 10am-3pm

My Math Lab Hours: Tues 11am-2pm

Note: You must be **signed up** to utilize the math lab (there is a FREE option Math 252)

Classroom Environment and Attendance

It is essential to our class that both the students and teacher behave in a manner that will provide a comfortable learning atmosphere. Be respectful to one another. You should not hesitate to ask questions nor feel embarrassed to ask for help.

Class time is valuable, and while sometimes we will work on in-class activities, I ask that you DO NOT complete homework during lecture to avoid falling behind on the current material.

You are expected to arrive on time and to leave upon dismissal. Arriving late or leaving before class is dismissed is disruptive and disrespectful to your classmates as well as your teacher. Please be prepared with your headphones put away and cell phones SILENCED. If you have a job where you must have a radio/walkie (such as an emergency responder), or your phone on, please let me know right away!

If you must miss a day, please **check with a classmate and/or Canvas** to see what you missed. Also, hand assignments in early so they are not considered late!

Grades

Homework.....	15%	93-100%.....	A
Activities.....	10%	90-92%.....	A-
Weekly Wrap-Ups.....	10%	88-89%.....	B+
Exams	40%	83-87%.....	B
Final Exam.....	25%	80-82%.....	B-
		78-79%.....	C+
		70-77%.....	C
		0-69%.....	D-F

*** Final grade is at the professional discretion of the instructor ***

Pass/No Pass Option

Math 380 can be taken for P/NP option (doesn't influence your GPA). The default setting is to receive a letter grade. If you'd prefer to take Math 380 for P/NP, you must file at the Admissions office before the deadline (recommended by the end of the 1st week of class)

Required Materials

Textbook: *Elementary Algebra (second edition)*

Author: College of the Redwoods, Department of Mathematics

Textbook available via the following three methods:

- FREE Online textbook is provided at: <http://msenux2.redwoods.edu/ElemAlgText/>
It is recommended to SAVE a copy of the book on a computer/device for offline access
- Or purchase an **OPTIONAL** printed textbook
 - from the CR bookstore (in the Library/LRC) or from lulu.com for \$20 +tax & shipping.

Required Supplies:

- Lined paper and graph paper
- Pencil, erasers, and straight edge
- Composition notebook OR binder (used specifically as a reference book)
- A graphing calculator is **required** (TI-83+ or TI-84 recommended) and available to rent for \$15 per semester (see Betsy Buchanan in the back of the LRC in the Math Lab).
- Access to a computer with internet and printing capabilities is also a requirement as there will be assignments submitted online. Check out CIS 210!
- Binder/folder for returned work
- DESMOS Graphing APP (not for use on exams): <https://www.desmos.com/>

Reference Book

You will keep a reference book that will contain important information you have learned throughout the semester such as definitions, formulas, and examples. This book is **NOT a book for you to write all your notes in**. It is for you to filter through your class notes and **re-write up** important information/tips/notes to yourself and important concepts. Some students already write their in-class notes VERY nice and neat and I will accept this as your reference book, **but you must get my approval FIRST**. I will collect your reference book during exams and grade them as an activity (see **Reference Book Guidelines** for more info).

Homework and Activities

Activities, online homework and written homework will be assigned throughout the semester. Homework will be assigned and due nearly every class period. You are encouraged to work collaboratively on your homework but be sure to NOT COPY other students' work. We will have about 5-10 minutes reserved for homework questions each class. At the end of the semester, your 2 lowest online homework scores will be dropped from your grade. **Late work policy:** 5 Late Passes will be allowed for online assignments.

Online Homework:

Online homework will be assigned and completed in a FREE online testing site called MyOpenMath. **The online assignments will provide for the following incentives:**

- Integrated in Canvas for instant feedback/grading.
- Ability to submit assignments multiple times to improve score.
- Infinite set of practice problems/solutions for studying.
- **Note:** Written work may be assigned for sections/topics that are not well suited for online work such as graphing.
- I will set up individual/small group tutorials if needed to make sure students have ample support for MyOpenMath.

Written Homework:

Written homework, called "Weekly Wrap-Ups," will be assigned nearly every Monday and due every Thursday at the beginning of class.

Please see "**Written Homework Guidelines**" section for further details about expectations.

Weekly "Wrap-Ups":

- Wrap-Ups will typically be hand-written and will include material covered in recent homework/notes/activities.
- Students are encouraged to check answers to ODD numbered problems in the back of the HW section when problems from the textbook are assigned or to help with an even-numbered problem.
- You may work with others from class on these problems, but all work on your paper should be your own. Don't copy/cheat!
- **Late passes CANNOT be used on Wrap-Ups.**

Exam corrections:

- Assigned after each exam is returned (if time allows)
- Graded as a homework assignment and do not improve actual exam score.

Activities:

- We will have activities in and out of class time. Activities completed in class cannot be made up.

It is your responsibility to ensure that you get your work turned in on time; if you know you will be missing class, you should submit/turn in work **before** the due date, send it with a friend to class, or hand it in to the Mathematics dropbox in the hallway of the 2nd floor of the Science Building **before** class time on the due date. **If you use this option, be sure to put MY NAME on it at the top and email me to let me know you dropped homework.**

Exams and the Final

There will be 2-3 in class exams (40% of grade) throughout the semester and a **required** comprehensive final examination (25% of grade). I will notify the class **at least one week** in advance as to the date of each in-class exam. Before each exam, you will receive a study guide and/or practice problems. **I will schedule an optional study session before each exam typically outside of class.**

All exams need to be taken in class **ON THE DAY OF THE EXAM** unless you have made prior arrangements with me to take it early. Be sure to make all travel plans accordingly as there will be no make-ups for missed exams except in extreme or emergency cases (must provide documentation). If you take exams in the LIGHT center, you need to make sure you make an appointment in advance so that you take the final exam at the designated time.

*****Final Date: Monday, Dec 10th, 3:15-5:15pm*****

Testing Accommodations

If you have a documented disability or believe you can benefit from any of the services offered by DSPS such as extended test taking time, tutoring services, quiet space for exams etc, please contact the DSPS office at 476-4280 (phone), 476-4418 (fax), TTY 476-4284 or view their webpage: <http://www.redwoods.edu/dsps>

If you are already approved for accommodations through Disabled Services & Programs for Students (DSPS) then **during the first or second week of class** you will need to submit your paperwork to me and arrange to take exams in the testing center.

Canvas

Our course canvas page will be updated regularly and will contain a variety of items such as: course announcements, class documents, assignments, review resources and much more. Be sure to turn on your notifications if you'd like to be notified about things like new announcements, changes to assignment due dates etc. If you find you are getting too many (or too few) announcements, remember this is an individual setting that you must modify in Canvas. I can help to adjust your settings...just ask!

You will be expected to check canvas regularly and be aware of announcements made.

Link to Canvas: <https://redwoods.instructure.com/>

Faculty Withdrawal of Students

It is the policy of the College of the Redwoods Department of Mathematics to exercise a "Faculty Withdrawal" for any student who has missed more than 15% of the class meeting time (~8 days) due to the severely diminished likelihood of a successful course outcome.

It is important to note that, if it is the student's intention to withdraw from the course, the responsibility remains with the student to ensure the proper paperwork has been filed – that is, students are not to assume the teacher will file the "Withdrawal" automatically.

Tutoring Options – Improve Course Success!

The Math Tutoring Lab:

The math lab is located in the ASC in back of the Library. **Sign up in webadvisor for one of the courses below & show up first week of class to fill out paperwork.** Course options:

- **MATH 252** Open Mathematics Lab. This is a FREE, no credit option to get drop-in math tutoring in the math lab. **If you do not need units** or you want math help but cannot fulfill hour requirements for mathlab, then this is the option for you!
- **MATH 380L** Math Lab for Elementary Algebra. Register in webadvisor for this for-credit drop-in tutoring course held in the math lab. Available for .5 unit (22.5 hours ~ 1.5 hrs a week req) or for 1 unit of credit (45 hours ~ 3 hrs a week req).

Other Tutoring Options:

- **FREE ASC tutoring** by appointment. Call 707-476-4106 or 707-476-4154.
- **EOPS Tutors.** You must be part of EOPS (Extended Opportunity Programs and Services) to receive this tutoring. Please contact your EOPS counselor to set up tutoring. If you are unsure if you are eligible for EOPS, call them at 707-476-4270 check out their webpage: <https://www.redwoods.edu/eops>
- **LIGHT Center Tutoring.** Please contact the LIGHT center if you are interested in their tutoring services. There is a GUID course you must enroll in to receive services. Phone: 707-476-4290 Webpage: <https://www.redwoods.edu/dsps/Light-Center>
- **OPTIMATH** practice assignments give immediate feedback and written out solutions: <http://msenux2.redwoods.edu/cgi-bin/online/f18/OTcreatepracticequiz.cgi?course=math380>
- The **CR Math Jam** webpage is a great way to prepare for exams and contains lessons as well as OPTIMATH assignments: <http://msenux2.redwoods.edu/mathjam/?s=public>
- **Private tutoring** is always an option but is of course more costly. If you are interested in hiring a private tutor, let me know and I will ask around to see if I can find anyone!

Final words

A few words about my expectations for you and myself in this course: My responsibilities include coming to class prepared to teach you mathematics, giving clear lectures, assigning carefully chosen homework problems that are relevant to our course and carefully preparing exam questions that accurately measure your progress in the course. Additionally, I am responsible to be available to you outside of class for consultation in office hours (by appointment...just email me ☺).

Likewise, I believe that you are ultimately responsible for your college education and I expect you to come to class motivated to learn the material. This involves keeping up with homework assignments, seeking additional help, either from me or from the many resources available to you here on campus, before it is too late.

***** Syllabus Subject to Change *****

Announcements will be made in class and often followed up in Canvas. When absent, students are expected to check email, Canvas, and/or with fellow classmates concerning missed work!

Guidelines for Written Homework

Please follow these guidelines when completing homework assignments.

It makes my grading experience much more pleasant ☺

1. Complete all written assignments on a **separate sheet of paper**. You may use **both sides** of the paper. Do NOT complete assignments on the pages of your textbook.
2. **Staple** all homework in the upper left hand corner.
3. **Label** your homework with your name, course number, and section number in the upper right-hand corner (see example below).
4. **Copy down original problem and directions** (summarize word problems)!
5. Write your problems in order **DOWN** the page. Please **skip a line** between problems.
6. **Circle, box, or highlight** your answers to each exercise so I can find your answer quickly.
7. Please use **pencil** when writing your homework, and please write legibly and neatly. Presentation is a component of your homework score. **NO PENS!**
8. Be sure to **show your work** when solving a problem. A problem with just the answer and no work shown will receive **NO CREDIT**.
9. **Cut or tear off** any frilly edges on paper torn from a notebook.
10. When creating a graph, you **MUST USE GRAPH PAPER AND A RULER** or you will get a **ZERO** on the assignment.
11. If you are ever given two assignments due on the same day make sure complete them, and **staple them SEPARATELY**.

Staple in upper
left corner.

Ima Student
Math 380
Weekly Wrap-Up #1

HW 1.2: 4, 11, 20, 41

4. Solve $-26x + 84 = 48$

$$-26x + 84 = 48$$

$$-26x = -36$$

$$x = \frac{36}{26}$$

20. Solve $-8 - 8(x - 3) = 5(x + 9) + 7$

$$-8 - 8(x - 3) = 5(x + 9) + 7$$

$$-8 - 8x + 24 = 5x + 45 + 7$$

$$-8x + 16 = 5x + 52$$

$$-13x = 36$$

$$x = -\frac{36}{13}$$

11. Solve $19x + 35 = 10$

$$19x + 35 = 10$$

$$19x = -25$$

$$x = -\frac{25}{19}$$

41. Solve $Ax + By = C$ for y

$$Ax + By = C$$

$$By = C - Ax$$

$$y = \frac{C - Ax}{B}$$
