Preferred Contact through Canvas

Required Materials

Textbook title: *Math 15, Course Packet*

Other requirement: Statcrunch account

Catalog Description

A support course for Math 15, "Introduction to Statistics." Through hands-on activities and group work, students learn skills and explore concepts crucial for success in transfer-level statistics.

Course Student Learning Outcomes

1. Apply numerical and algebraic techniques to understand and evaluate statistical formulas.
2. Interpret graphs and represent data graphically to support statistical arguments.
3. Implement effective learning strategies.

Evaluation & Grading Policy

This class is Pass / No Pass only and there is no letter grade. To earn a passing grade you need to earn 70% on the lab assignments.

Prerequisites/co-requisites/ recommended preparation

Co-requisite: Math 15
