Catalog Description

A course offering instructional support to students needing help in mathematics in a self-paced lab environment.   This course supports basic skills mathematics and mathematics-related classes. Students receive one-on-one and small group instruction to enhance success in mathematics across the curriculum.

Schedule and information: http://www.redwoods.edu/mathlab.

Students may enroll in the non-credit Math 252 Math Lab multiple times, but can enroll in Math 52 Math Lab only one time (unless attempt is unsuccessful).

Course Student Learning Outcomes *(from course outline of record)*

As a result of taking this course, students should be able to:
1.   Analyze problems in mathematics and mathematics-related courses.

Evaluation & Grading Policy

Math 252 is a NON-CREDIT course. This is a non-credit option for getting Math help in the Math Lab.

No minimum hours are required; however, to use the Math Lab, students must log in to record their attendance during the Math Lab open hours.

This is an open-entry course where students can add this course up to the day before the last day of instruction. This course is repeatable.

Prerequisites/co-requisites/ recommended preparation

Registered for a math, or math related, course.

Special accommodations statement

College of the Redwoods complies with the Americans with Disabilities Act in making reasonable accommodations for qualified students with disabilities. Please present your written accommodation request at least one week before the first test to that necessary arrangements can be made. No last-minute arrangements or post-test adjustments will be made. If you have a disability or believe you might benefit from disability related services and may need accommodations, please see your instructor or contact Disabled Students Programs and Services. Students may make requests for alternative media by contacting DSPS at 707-476-4280.

Student feedback policy
