Catalog Description

A non-credit review course covering material from algebra and geometry that students will need to be successful in Chemistry 2, "Introduction to Chemistry." Additionally, students will be able to practice new math skills used in Chemistry, such as unit conversions and significant figures.

Course Student Learning Outcomes (*from course outline of record*)

1. Review and apply algebraic skills for application in chemistry.

Support for online learners during COVID-19

In response to COVID-19, College of the Redwoods moved the majority of its courses online to protect health and safety. As the faculty and students adjust to this change, clear communication about student needs will help everyone be successful. Please let me know about any specific challenges or technology limitations that might affect your participation in class. I want every student to thrive.

Evaluation & Grading Policy

As a non-credit course, this class doesn't receive a grade. However, you are encouraged to attend each class.
