***WEB SITE/CLASS PARTICIPATION/ EXAMS***

The exams will contain detailed instructions for their completion and the electronic submission of them to the *Turnitin.com* website. The exams are “paperless”. Therefore, you will not need to give me a hard (paper) copy of them. I will grade them in the Turnitin® site, where you can then see both your grades and my comments typed directly on them. After they are graded electronically via Turnitin, I will post the grades to your MyCR Gradebook. The Turnitin site will always be open for the submission and viewing of the exams. *However, if the exams are turned in late, they will be assessed a late grade penalty of my choosing. Employment issues, child care, computer issues, etc. are not excuses for the submission of any late work. Plan ahead.*

If you are experiencing computer glitches or problems with the myCR site, either contact me at my home phone number\* listed above or E-mail me directly and/or the College of the Redwoods help desk – [its@redwoods.edu](mailto:its@redwoods.edu) or call them at **707.476.4160**. Before contacting me however, I suggest you first try to solve the problem with the help of the guides posted in our MyCR Help folder or the help menus.

Under the “Resources>Help Folder” section of our website, you will find several documents which will guide you in the use of the MyCR and Turnitin websites. Please note that once you log in to MyCR, there is a fairly extensive on-line help menu keyed to each feature (tool) of our website. I will help you with computer/technical issues if I can, but my main expertise is in teaching the course, not computer issues. For professional computer-technical assistance, please visit the following website: <http://www.redwoods.edu/departments/distance/tutorials/>.

*\* I spend very little time in my office. I am typically either in the classroom teaching my face to face classes or in meetings of one kind or another. I am available after class or by appointment. Other than this, I work from my home. Therefore, the best way to reach me is usually via e-mail through the Messages tool of our MyCR course webpage. By E-mailing me through our MyCR website, rather than sending me a direct E-mail via the main CR website, I can better keep track of all of your e-mail messages. When you E-mail me, leave me a contact phone number as well. If the matter is too urgent or complicated to be handled via E-mail, than by all means call me at home and leave a call-back number where I can call you as soon as possible.*

***Code of Conduct***

**Preface:**

The purpose of this code is to ensure that both the instructor and students are mindful of the rights and responsibilities of each other. Additionally, adherence to this code will help ensure that the class experience is both meaningful and interesting to all concerned.

**Instructor Expectations:**

- *Punctuality* -- Students should make every effort to arrive several minutes before class. Tardiness disrupts the learning and teaching process both for the instructor and students. It is rude to habitually be late for class.

- *Leaving Early* -- Students should stay for the entire class. Often, important material is covered at the end of the class period and assignments for the following class period may be made at that time.
- *Attentiveness* -- Students should stay awake and be attentive for the class period. If one is too tired to attend class, it is best not to come. Drowsing off is embarrassing both for the student concerned and the instructor.
- *Talking in Class /Cell Phones & Pagers*– The passing of notes or continuous talking to other students outside of class discussion is both disruptive to the learning process and rude to other students and the instructor. Turn off or set on “silent”, all cell phones and pagers.
- Plagiarism – Plagiarism is defined as claiming any work of another person as your own without attribution to the true author. It also includes taking a substantial portion (approximately 25% or more) of your assignment from another source, whether or not credit is given to that source. This includes the work of fellow students. *If a student is found to have plagiarized the work of another, the penalty which the instructor may impose ranges from a failing grade for the assignment to a failing grade for the entire course.*
- Netiquette - In participating in an on-line format, it is expected that all students treat each other with respect. This includes no personal attacks on any other class member or the instructor. I expect that you may disagree with the views of your classmates from time to time, but such disagreements may be expressed in a respectful manner. It is good to remember that we all bring to the class a broad array of life experiences and much of it is valuable.

### **Student Expectations:**

- Punctuality – Students have every right to expect that the instructor will offer timely feedback to the discussion questions, crime scenarios, and the grading of exams. The instructor will respond to phone calls and E-mails within 48 hours, sooner if possible.
- Civility – Students have a right for the instructor to treat them with respect both in and out of the classroom and to ensure that all students have an opportunity to express their opinions on relevant matters.
- Classroom environment – The instructor will make every attempt to make the virtual classroom experience useful, comfortable, and interesting.

*In compliance with equal access laws, I am available to discuss appropriate academic accommodations that you may require as a student with a disability. Students are encouraged to contact Disabled Students Programs and Services (DSP&S), 707-476-4280, for disability verification and for determination of reasonable academic accommodations.*
