Instructor Contact Information:

Canvas Message – Go to the Help Icon (bottom left) on the class homepage. This is the best method as I receive a notification and it is stored in Canvas for easy access.

Instructor Email - You can also reach me at mark-winter@redwoods.edu I check my email daily. This works but mixes with other work activities.

Canvas Module – Each week there is a link in Modules for a “Question for the Instructor.” This is a place to ask questions of general interest to all students. This is not a method for individual or private communication. I check this site every couple days.

Phone Message – N/A

Catalog Description: A course in the scientific study of human development across the lifespan. The content takes an integrative approach that includes the biological foundations and major theories: psychodynamic, behavioral, social cognitive, contextual (e.g., sociocultural), and cognitive. Topics include prenatal, infant, child, adolescent, and adult development.

Course Learning Outcomes: (1) Analyze how biological, psychological, and social processes affect human development. (2) Demonstrate knowledge and understanding representing appropriate breadth and depth in selected content areas of prenatal, infant, child, adolescent, and adult development. (3) Analyze and/or apply developmental research in writing. (4) Identify and describe classic and contemporary theories and research in lifespan psychology. (5) Identify and describe the techniques and methods used by developmental psychologists to study human development. (6) Identify possible causes or sources of developmental change and reasons for disturbances in the developmental process.

Required Text/Resources: The class requires the textbook Human Development: A Cultural Approach (3rd Ed) by Arnett, Jeffrey Jensen and Jensen, Lene Arnett (2019), Pearson.

Textbook (9780134641348) can be purchased new, used, or rented from a commercial vendor such as the College of the Redwoods Bookstore. You do **not** need to purchase MyPsychLab. The book is sufficient. **Note:** We use the 3rd edition, although it is similar to the 1st and 2nd editions in its chapter layout. The earlier editions are less expensive substitutes, although some content and exam answers may not be found in the quizzes or exams as questions come directly from the 3rd edition.

Login instructions for Canvas:

1. Open your web browser and go to <https://redwoods.instructure.com>
2. Your Username is the same as your **Webadvisor User ID** (e.g., flast123 - first initial + lastname + last 3 digits of your student ID number.) Your initial password is your 6-digit birthdate (mmddyy).
3. Once logged in, on top left-hand side of the screen you should see a drop down menu of your Courses.

Canvas Help: There are Canvas instructions and additional help with preparation for taking an online course at College of the Redwoods at: <https://www.redwoods.edu/online>

Computer Skills: Online courses require adequate computer skills. You should be able to navigate the Canvas course website, read and watch online assignments, participate in online discussions, take online timed quizzes, and submit an essay. It is your responsibility to meet the technological demands of the course.

Computer Requirements:

- **Internet Access:** Broadband services from cable, DSL, or satellite providers as there are required multimedia assignments. You need to have reliable access to the internet at least two times a week for 16 weeks. Anticipate problems with your computer and internet access (including power outages) by not waiting until the last minute to submit assignments. It is your responsibility to meet the class deadlines.
- **Computers:** You should plan on doing the majority of your work (especially exams and assignments) from a reasonably recent model notebook or desktop computer (Mac or PC). *Do NOT participate in this class solely from a portable device.*
- **Portable Devices:** You can use recent model portable devices (such as Android or iOS phones & tablets) for some things in this class. If you do decide to use your portable device for *some* of your class work, use the free Canvas app (called “Canvas by Instructure”) available in iTunes (for iOS) and the Google Play Store (for Android).
 - **Do not** try to connect to Canvas using a web browser on a portable device. Your experience with Canvas will be a lot better using the app.
- **Browsers** - You will need to use the most recent version of one of the following browsers in order to best access the course and activities; Mozilla Firefox (10 or higher), Chrome (54.0.2840.99 m or higher), or Safari (1.2 or higher). Do not use Internet Explorer as it does not work properly with Canvas.

Student Commitment: Your commitment will require at least as much time as you dedicate to a traditional class. A typical three credit hour class will require about nine hours per week of your time. You will need to carefully read online lectures and textbook chapters, watch online videos, participate in online discussions, and complete weekly quizzes. Conscientiousness, attention to details, and college-level reading/writing are critical for success. **Student Readiness:** Are you ready for online classes? Please take about 15 minutes to review what it means to take an online class by watching the Introduction to Online Learning presentation at:

<https://apps.3cm mediasolutions.org/oei/01-Introduction-to-Online-Learning/index.html>

Instructor Commitment: I dedicate as much or more time to this class compared to a traditional class. I will access the class website regularly and respond to posted questions and messages within 48 hours. Additionally, I read every discussion forum post and occasionally participate. There is also regular instructor-based communication with weekly announcements, lectures, evaluative feedback to your discussion posts, and emails/messages to students who fall behind.

Class Discussions (120 points/24%): Each week has a discussion based on a video prompt. You will receive up to a maximum of 10 points for postings and responses to other student postings (see scoring below). This is an important and required part of the class. The discussion forum is accessed in Modules at the class website. *The lowest score will be dropped for your final grade.*

Primary Post -- 6 points possible --Your primary post must:

- **Identify and React analytically** to specific video content, not a summary (1 point)
- **Relate and apply** topic to your own personal experience (1 point)
- **Contribute** to the topic with additional information; a web search and include psychological science source link (1 point)
- **Use** correct grammar, spelling, punctuation, and complete sentences (1 point)
- **Be posted before** the Thursday deadline (1 point)
- **Meet** the 300 word minimum length: (1 point)

Reply Postings -- 4 points possible – Each of your **two reply posts** must:

- **React thoughtfully** to the content of a classmate's primary post. **Focus your reply** on your classmate's post, not on your personal experiences (1 point for each of two replies)
- **Meet** the 100 word minimum length and college writing quality (1 point for each of two replies)

Exams (100 points/20%): Each of the two exams consists of 50 multiple-choice questions based on the readings from the textbook. Exams can be taken only once, have a 60 minute time limit, and are not proctored.

Research Application Paper (50 points/10%): This will be a 3-5 page paper on a developmental psychology topic applied to your experience.

Chapter Quizzes (240 points/47%): Each chapter has a quiz consisting of 20 timed multiple-choice items **based on the week's lecture, lecture videos, and text readings.** Questions will be randomly drawn from an item pool consisting of 33% lecture questions, 33% lecture video questions, and 33% text chapter questions. Quizzes are available beginning Mondays the week the chapters are presented and until the deadlines on Sundays at 11:59 pm. Quiz scores are available immediately and correct answers are available after the Sunday deadline. You are limited to a total of 20 minutes for each quiz. While technically an open-book quiz, you will not have time to search and find all of the answers. You can take each quiz twice (although each quiz has different questions randomly generated from a test bank) with the higher score recorded in the gradebook. *The lowest quiz score will be dropped for your final grade.*

In cases involving academic dishonesty, determination of the grade and your status in the course is left primarily to the discretion of the instructor. In such cases where the instructor determines that you have demonstrated academic dishonesty, you may receive a failing grade for the assignment.

Academic Honesty: In the academic community, the high value placed on truth implies a corresponding intolerance of scholastic dishonesty. In cases involving academic dishonesty, determination of the grade and of the student's status in the course is left primarily to the discretion of the faculty member. In such cases, where the instructor determines that a student has demonstrated academic dishonesty, the student may receive a failing grade for the assignment and/or exam and may be reported to the Chief Student Services Officer or designee. The Student Code of Conduct (AP 5500) is available on the College of the Redwoods website at: <https://go.boarddocs.com/ca/redwoods/Board.nsf/Public?open&id=policies>, and scroll to AP 5500. Additional information about the rights and responsibilities of students, Board policies, and administrative procedures is located in the college catalog and on the College of the Redwoods website.

Regular Contact: The instructor will initiate regular effective contact and maintain substantive interaction by including elements such as timely (within one week) and substantive feedback using a scoring rubric on course assignments including discussion forums and access to correct answers on weekly quizzes. Instructor-prepared materials (videos and/or lectures) are used to create a virtual equivalent of face-to-face classes.

Setting Your Preferred Name in Canvas:

Students have the ability to have an alternate first name and pronouns to appear in Canvas. Contact [Admissions & Records](#) to request a change to your preferred first name and pronoun. Your Preferred Name will only be listed in Canvas. It does not change your legal name in our records. See the [Student Information Update form](#).
