Catalog Description

This course surveys various psychological research methods with an emphasis on research design, experimental procedures, descriptive methods, instrumentation, and the collection, analysis, interpretation, and reporting of research data. Research design and methodology will be examined through a review of research in a variety of the subdisciplines of psychology.

Course Student Learning Outcomes

1. Explain the basic principles of the scientific method including developing and testing hypotheses and choosing a research design.
2. Critically evaluate research reports and synthesize research findings in a paper written in APA format.
3. Demonstrate knowledge of general research designs, experimental and non- experimental methods, and standard research practices.
4. Explain the ethical treatment of human and animal participants in research and the institutional requirements for conducting research.
5. Assess the generalizability of study results.

Prerequisites/co-requisites/ recommended preparation

Prerequisites or co-requisites: Psych 1 and Math 15

Accessibility

College of the Redwoods is committed to making reasonable accommodations for qualified students with disabilities. If you have a disability or believe you might benefit from disability-related services and accommodations, please contact your instructor or [Disability Services and Programs for Students](#) (DSPS). Students may make requests for alternative media by contacting DSPS based on their campus location:

- Eureka: 707-476-4280, student services building, 1st floor
- Del Norte: 707-465-2324, main building near library
- Klamath-Trinity: 530-625-4821 Ext 103

DSPS will email approved accommodations for distance education classes to your instructor. In the case of face-to-face instruction, please present your written accommodation request to your instructor at least one week before the needed accommodation so that necessary arrangements can be made. Last minute arrangements or post-test adjustments usually cannot be accommodated.

Class Participation and Attendance

To learn the material, it is important that you interact with it, by taking part in discussions and listening to the material being presented. I encourage you to ask questions and offer opinions on the subject matter. It is, therefore, also important that you be present at every class meeting. If you are not present at a class, please make every effort to get notes from another student or review the power points on Canvas. The Attendance grade is put into the gradebook at the end of the semester.

We all need to be prepared this semester to change our plans if Covid cases require. I have material on Canvas that will supplement the class if we need to cancel, or you need to quarantine. We will be using Canvas for quizzes and exams. At the beginning of the semester, it is a good idea for students to make themselves

familiar with our class in Canvas. Make sure you are checking Canvas regularly for any updates/changes that may happen.

Please be aware that if you decide to not continue with the class, you should drop the class and let me know about your decision. (AP)5075 allows instructors to withdraw students from class for non-participation through the 10th week of class. Non- participation includes missing 3 classes in a row and not taking tests, exams or turning in assignments. If you need to miss class due to illness or emergency, please let me know what is occurring. Census date is 1/31/22, where I will be dropping students that have not been participating in class. On 3/4/22 I will again be dropping students that are not participating. The end of the 10th week is 4/1/22. Please keep me informed of anything that is interfering with your participation/attendance in this class.

Course Communication: There are various ways to contact me:

1. **Canvas Message** – Go to the mailbox icon on the far left and choose teacher to send a message. This is the best way to contact me.
2. **Instructor Email** - You can also reach me at my work email address- michelle-haggerty@redwoods.edu.
3. **Calling or zooming during office hours.** I will hold office hours on MW from 3-4:30. You can call my office: 476-4319 at that time or zoom into my online room.

Academic Misconduct:

All work that is turned in must be your own. This applies to all papers and tests throughout the semester. In an academic paper, like the papers you will be writing this semester, you need to indicate with a citation anytime that you paraphrase, summarize, or quote someone's work. Failure to provide a citation is plagiarism. If I find that a student has plagiarized or cheated on any work the assignment will be graded as receiving zero points. It is also important that all of the work that you submit is your own and that you maintain a respectful, academic demeanor when interacting with our class. Please ask me if you have any questions regarding this policy. The entire board policy (AP 5500) can be accessed on the CR's web site and through the following link:

<https://go.boarddocs.com/ca/redwoods/Board.nsf/Public?open&id=policies#>

Student Success:

Research on student success has highlighted the following areas.

Think about these points and how you are including this class in your life.

- Buy the textbook at the beginning of the semester and begin reading.
- Read the chapter assigned for the day before coming to class.
- Know where your syllabus is and the schedule for the class.
- Know how to contact your instructor and contact her if you have difficulties of any kind that are interfering with school.

- Take notes during class
- Take notes while reading the text- outlining the chapter and writing out the key concepts.
- Be on time for class with your cell phone off and ready to experience the class
- Have a designated study area that is distraction free.

Canvas:

The learning management system, Canvas, will be utilized with this course. I will be posting power points that will be used for lecture on our Canvas site in modules, if lecture videos are recorded they will be posted in modules. The syllabus will be there, I will use this grade book and this system to communicate with you, post supplemental materials and utilize Canvas for quizzes and exams. You also have the option of turning assignments in on canvas. If you turn assignments in electronically, I will grade them there and you will not need to bring a paper copy to me.

Log into Canvas at <https://redwoods.instructure.com>

Assignments:

Quizzes: (75 points each)

We will have 2 quizzes throughout the semester on the material from the text. The quizzes will consist of multiple-choice questions. The quiz will be timed on Canvas, and you will have two attempts. **You can earn up to 15 extra credit points by completing the study guides provided and answering the following 4 questions:**

- 1. What have you learned from this unit?**
- 2. Why is this material important?**
- 3. How is the material related to my life?**
- 4. What questions do you now have about the material?**

Exams: (150 points each)

Two exams will be given during the semester. They will consist of multiple choice and essay questions that will be available for one week on Canvas.

Conclusion papers: (25 points each- 2 papers total)

In the *Clashing Viewpoints* book each unit has several topics examining an issue in psychology with research supporting or refuting a question. At two times during the semester a response to an issue will be turned in including your individual conclusion on the issue with support from the research presented in the book and at least one source obtained through the library databases (research article). This needs to be a typed document 2-3 pages in length, in APA format. Students will need to sign up for due dates at the beginning of the semester. The due dates for these assignments will depend upon the topic chosen, therefore a due date is not listed in Canvas.

Rubric:

Discussion of the issue: 5 points

Discussion of both sides of the issue as outlined in the text: 5 points

Personal conclusion, with research article to support: 5 points

APA format: 5 points

Organization/Grammar/Spelling: 5 points

Presentation of Conclusion Paper: (25 points)

Students will use one of the two conclusion papers and present the information to the class. Presentations will be scheduled throughout the semester corresponding to the weekly reading assignments from *Clashing Viewpoints*. The presentation will include all areas included in the paper.

Rubric:

Clear presentation of main areas of the paper: 10 points.

Visual aide provided: 5 points

Eye contact: 5 points

Overall conclusions including discussion of research article: 5 points.

The dates for presentations will be assigned in class.

Research Paper:

Early in the semester students will need to pick a topic for further research. Throughout the semester sections of the paper will be due, culminating in a research paper that will be presented to the class at the end of the semester. All parts of the assignment need to be completed in APA format. Editing of all sections of the paper will be done with each new submission. Writing of this paper will be an important process throughout the semester where you will be able to grow in your ability to write an academic paper in APA.

Possible Topics: (students can choose a topic outside of this list)

1. What are the effects of violent video games and/or TV on interpersonal behavior?
2. What are factors that lead to marital satisfaction?
3. Examine how the biological sex of the child affects the way that a mother speaks to the child.
4. Is gendered behavior biological or environmental?
5. Are psychotropic medications effective? Is therapy effective in reducing psychological symptoms?
6. How do we choose individuals that we will partner with?
7. Does smoking marijuana regularly lead to mental health issues?
8. Does divorce of parents' harm children?
9. Does taking antidepressants lead to suicide?
10. Does the diagnosis of ADHD exist?
11. Is the production of neurotransmitters influenced by biology or environment?
12. Is using social media good for mental health?
13. Are mindfulness practices effective in reducing stress?
14. Does marijuana work for pain management?
15. Is neuroplasticity the same throughout development?

Research paper outline: (30 points)

This assignment will create the structure for the final paper. For this submission the introduction section needs to be completed along with at least 3 sources that will be included on the reference page.

- I. Introduction:
 - A. Background
 - B. Research Question
- II. Literature Review
 - A. Problem Identification- (what is missing in the current body of research?)
 - B. Analysis of literature (This will be a large part of your paper).
- III. Hypothesis and variable operationalization
- IV. Research Design
- IV. Evaluation of Ethics
- V. References

Rubric:

Clear organization of paper- 5 points

Research question identified concisely and appropriately- 5 points

Reference page includes 3 academic sources- 10 points

APA Format- 5 points

Spelling and Grammar- 5 points

Annotated Bibliography: (50 points)

This bibliography will include citations and summaries for at least 5 sources that will be utilized for the research paper assignment. The paper needs to be written in APA format. The annotations include a summary and a critique of the source.

Rubric:

Annotations provide summary and critique of source 25 points

At least 5 academic sources are utilized 10 points

APA Format 10 points

Spelling and Grammar 5 points

Section II. Literature Review, Section III. Hypothesis and variable operationalization and Reference page: (75 points)

You will complete sections II and III of the paper for this assignment and include the reference page. In the literature review you will include the sources that were utilized for the annotated bibliography and added sources in paragraph format with appropriate citations. After you have reviewed the current research on the topic you will propose how further research can be done with a hypothesis statement including operationalized variables to be examined. The reference page should be attached to this assignment. You may add sources after this point, but you should have at least 6 sources at this point.

Rubric:

Literature review discusses all sources in academic & concise style- 25 points

Hypothesis is clearly stated with variables being operationalized- 25 points

At least 6 academic sources are utilized -10 points

APA Format -10 points
